How to earn money?

1. **Looking for a part-time job**

My example: I'm working at a cram school in Banqiao, and my job is to solve math problems and english problem for high school students.

2. **Investing in the stock market**

My example: I started investing in the stock market from this summer vacation, and I've earned about 7~8 thousand NT dollars. (I started with thirty thousand NT dollars)

How to spend money?

1. You should distinguish wants and needs.
2. Buy ingredients and cook yourself.
3. Don't throw any coupon and uniform invoice.
4. Give yourself a challenge every week.

Keep accounts

The most important thing is :

You have to **record** all lists about **income** and **expenditure** of money.

This method can help you to know **the flow of money**.

Thank you for your listening!
