World Hello Day was inaugurated in 1973 by two American doctors who sent letters in seven languages to 1360 leaders worldwide. Initially, only 15 countries responded to the initial 1360 letters. The day originated in response to the conflict between Israel and Egypt in the fall of 1973. The two doctors used World Hello Day to express hope for the world.

# Israel-Palestine Conflict and Russia- Ukraine War

In September 2014 and February 2015, Ukraine and Russia signed peace agreements, concluding the main hostilities. However, numerous conflicts persisted, with both sides accusing each other of violating ceasefire agreements. It wasn't until 2019, during the Ukraine does not Surrender protests, that Ukraine adopted a more assertive stance against Russia's incursion into the Donbas region.

Since the expulsion of the Jews from their homeland by the Roman Empire some 2,000 years ago, many Jews in exile have been trying to return to Jerusalem and Israel. In November 1947, the United Nations divided the Mandate of Palestine into two states, and allowing the Jews to establish a state in the Palestinian territories, which was unacceptable to the Palestinians and eventually turned into the Israeli-Palestinian conflict, which continues to this day.

War can bring the education system to a halt.

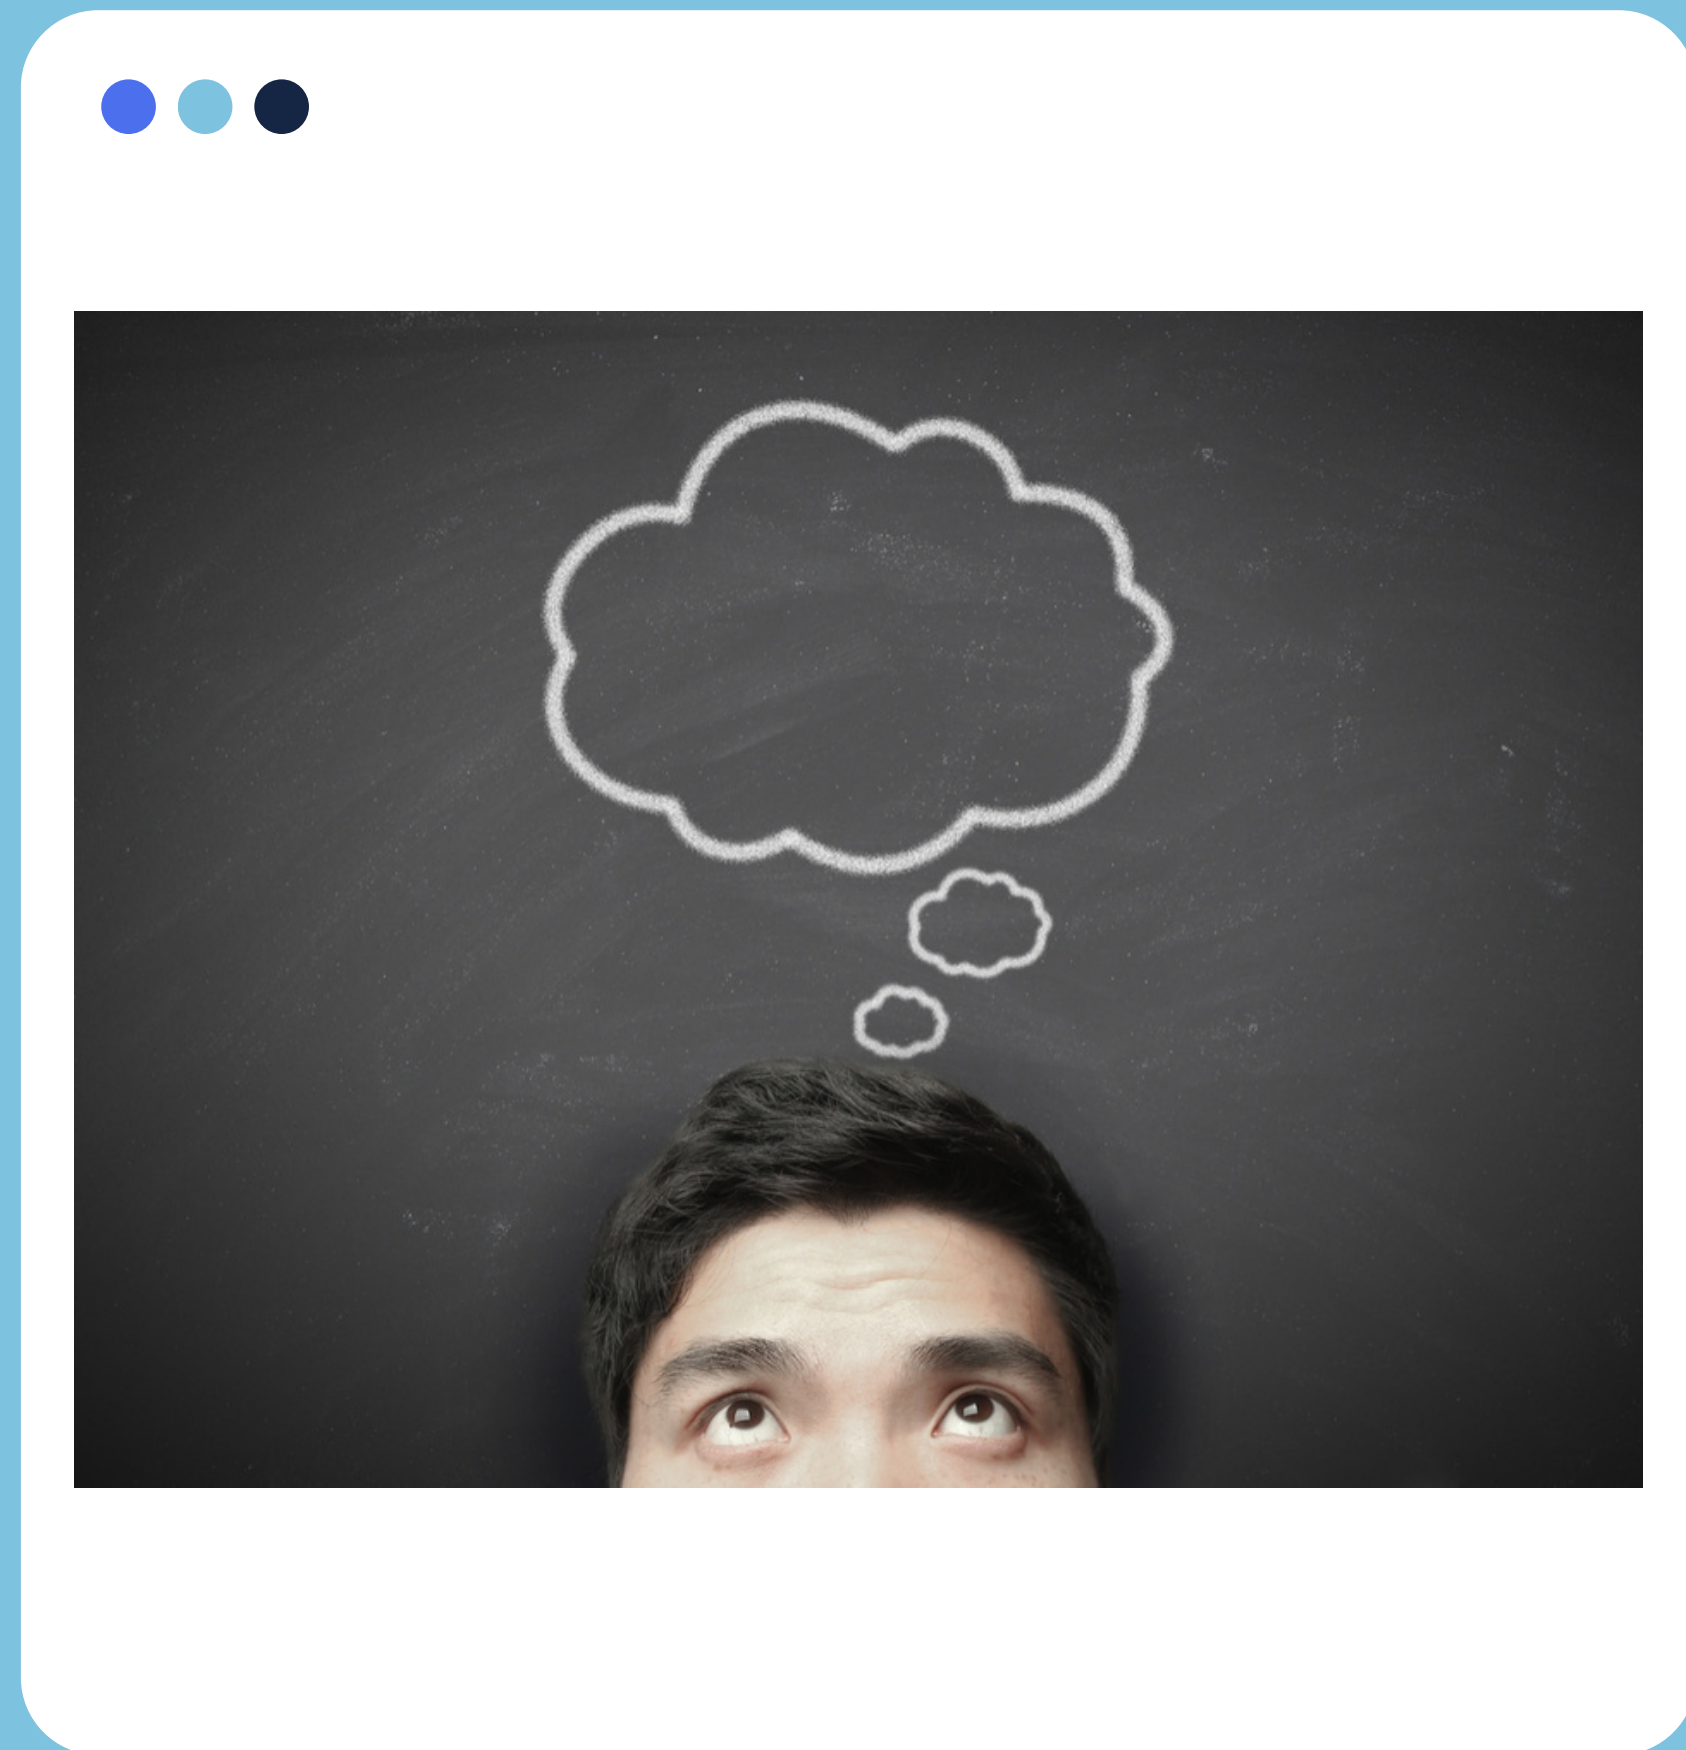

War poses a threat to human life and safety.

Water sources can face contamination.

1. It is difficult for us to say who is right and who is wrong.
2. If we can solve it in a peaceful way, it is definitely better than hurting each other
3. We hope to use this report and World Hello Day to promote the importance of peace to everyone.
